

Dear Sir/Madam,

I am an IT professional with experience of 7 years in developing software and websites.

I am proficient in C#, Asp.Net Web, SQL, MySQL, Java, PHP; Node.js, Express.js, Mongo DB, Angular.js (Mean stack); Bootstrap, Html5, CSS3, Javascript, jQuery, ajax, XML, json; GIT, SVN; AWS; Ubuntu Linux.

I have knowledge in REST and SOAP Web Services.

My portfolio is at <http://zhao.scientrans.com>

I'm currently in a short-term contract as a Node.js developer until the end of 2017. I'll be available from 01/01/2018.

My current status is F1, eligible to work with CPT. No sponsorship is required for me in 2018 in Texas.

My current location is Dallas, Texas, and can work within Texas in 2018.

My expected salary is \$7,000+ per month, or \$40 per hour.

If you are impressed with my info, please feel free to contact me. I might not be conveniently picking up phone at office hours (9:30 am-5:30 pm Mon.-Fri.). You may contact me by email.

Sincerely,

Juanjuan Zhao
